

TINT IT EFFICIENTLY

X-SMART PRO Automatic Dispenser

Fulfill your daily tinting needs efficiently with X-SMART PRO automatic sequential dispenser. Designed for trouble-free tinting, it comes in a compact size with a sturdy metal body to withstand harsh conditions. Powered by our proven technology, X-SMART PRO delivers consistent and accurate color.

Ready to Use

No assembly required, start right out of packaging

Future-Proof Mobile Dispensing

Operate remotely on mobile phone or tablet with PrismaRT mobile application

Low Maintenance

Tubeless design with active nozzle closure prevents leakage, clogging, and rodent damage

Easy to Use

Simple operations that require minimal operator training

Small Footprint

Limited space required for machine and accessories

Low Power Consumption

Power backup through UPS to support for a day

X-SMART PRO in the spotlight

Specifications & Technical Data

General

- Automatic sequential
- Water based, universal, solvent based (optional)

Canister

- Up to 16 canisters
- Material: PP or POM
- Size: 2.25 L
- Click-on-click-off

Nozzle

- Airtight, integrated nozzle closures
- Nozzle cleaning system with passive brush

Can table

- Manual can shelf
- Dimensions: 23 x 37 cm (WxD)
- Loading height: 25 cm
- Max. can height: 33 cm
- Optical can sensor

Pump

- Piston pump
- Size: 30 ml
- Flow rate: 0.25 L/min
- Min. dispense: 0.077 (1/384 fl. oz.)
- Nozzle diameter: 4 mm
- Polymeric needle valve
- Seals material: Viton; Viton Extreme
- Calibration - 1st machine only.
Subsequent machines copied calibration files. Calibration lasts machine lifetime

Dimension and weight

- Net HWD - 122x80x90 cm
- Net weight - 84 Kg

Maintenance and operations

- Low level (only purge and brush clean)
- Ease of use
- Minimal operator training
- Robust design - dust and rodent proof, flood resistant up to 40 cm
- Low TCO

Software

- Easy to use desktop application PrismaPro2
- Local language compatible
- PrismaRT mobile app compatible

Power supply

- 110/230V +/- 10%, 50Hz/60Hz

Inbuilt Safety Features

X-SMART PRO is equipped with operator and electrical safety.

Tinting made effortless
