

NEOTINT

LOWEST FOOTPRINT.

TINT ANYTIME, ANYWHERE

Neotint is a revolutionary 10-canister compact, lowest footprint automatic paint dispenser, engineered to deliver accurate and reliable tinting performance within the smallest possible footprint.

Designed for compact spaces and emerging retail formats, Neotint offers an optimized configuration of high-demand shades, enabling hardware and multipurpose stores to confidently enter the tinting market. With its cost-efficient operation, minimal maintenance, and intuitive user interface, Neotint ensures consistent color accuracy and reliable dispensing, every time.

Compact, reliable, and easy to operate - Neotint brings the precision and performance of tinting technology to new retail channels and smaller spaces.

SPECIFICATIONS AND TECHNICAL DATA

General

- Automatic Sequential Paint Dispenser
 - Colorants: Deco, Water Based
- Ideal For: Compact Stores, New Retail Channels

Pump

- Patented Piston Pump
- Pump Size: 43 ml
- Flow Rate: 250 ml/min
- Accuracy: 0.077 ml

Canister

- No. of Canisters: 10
- Capacity: 1.3 Liter

Can Table

- Manual shelf
- Max. can height: 40 cm
- Optical can sensor

Dimension & weight

- Net dimensions HWD: 92.5 x 58 x 57 cm
- Net weight: 46 kg
- Packaging Dimensions HWD: 79 x 64 x 89 cm
- Net weight: 57 kg
- Footprint: Less than 2.5 sq. ft.

Brush

- Rotary Brush
- Screw Mounted Brush Assembly
- Brush container material: PP/POM

Nozzle

- Patented airtight valve for low-VOC colorants

Maintenance and operations

- Minimal maintenance (only purge and brush clean)
- Minimal operator training
- Robust design - dust and rodent proof, flood resistant up to 40 cm

Options

- TI Dispense Desktop, TI Dispense Mobile
- Mode of Operation: Mobile, Tab, Laptop, PC

Power supply

- Dual voltage – 90/264v 50/60Hz
- UL, CSA, FCC, CE

Turntable

- Unidirectional

NeoTint is not just a dispenser –

Neotint is the smart choice for compact spaces and new retail channels – where precision and reliability meets simplicity, lowest footprint, and ease of operation.
