

VERSATILITY AT ITS PEAK

KEY BENEFITS

IMPROVED DESIGN & ERGONOMICS

A rotating top lid provides smart, space-efficient ergonomics and full flexibility for peripheral placement. Operators benefit from easier refill access and smoother daily workflows.

INTUITIVE OPERATOR DISPLAY

The upgraded operator display guides users through every step of the tinting process. With clear visuals and simple instructions, it supports non-trained personnel and reduces the chance of operational mistakes.

FULLY AUTOMATIC SMART CAN TABLE

The smart can table positions cans automatically and adjusts to the correct height for each job. This streamlines workflow efficiency and ensures consistent dispensing throughout the day.

SMART & CONNECTED

Seamless integration with Tintelligence apps suite for more intuitive dispensing, real-time updates, remote fleet management and quick service resolution.

SOFTWARE

Flexible software options to best meet your business needs

- (1) **ColorPro/PrismaPro:** TI HARBIL 6 PRO is compatible with our existing dispensing software
- (2) **Tintelligence:** From a simple dispensing solution to a full suite of advanced digital applications, choose the package that best suits your needs.

- **Basic:** Simple, more intuitive desktop dispensing solution for faster order fulfillment
- **Fleet Management:** : Real-time, remote fleet monitoring and analytics for faster, data-driven decisions
- **Color Management:** Fleet dispense database management and dispensing solution for always up-to-date formula books
- **Full Suite:** Comprehensive fleet and color management solution

SERVICE & SUPPORT

Our customer commitment continues long after the sale with:

- Extensive self-serviceability features with manuals for guidance
- Quick installation and training
- Robust Service Network
- Factory technicians for technical support

MAXIMIZE YOUR POTENTIAL WITH THE VERSASTILE TI HARBIL 6 PRO

- ✓ **Improved ergonomics** with a rotating top lid for easier refill access
- ✓ **Upgraded display 10" operator display** designed for intuitive use by non-trained staff
- ✓ **Fully automatic smart can table** to streamline workflow and reduce handling
- ✓ **Optimized placement of monitor, keyboard, and peripherals** for a more efficient workstation
- ✓ **FastPrecision System** delivers high accuracy, including reliable sample dispensing
- ✓ **EcoClean Brush** supports cleaner operation, reduced waste, and lower operator effort

TECHNICAL SPECIFICATIONS

CANISTER	Canisters	Up to 32
	Canister configuration	Multiple configurations with 2, 3, 6 and 10L
	Canister material suitable for	Water, solvent & universal colorants
	Canister Material	POM
TURNTABLE	Turntable type	Bi-directional
	Refill position	Right (standard), center or left
	Filling height (cm)	140cm
	Flowrate	0.9l/min to 1.0l/min
PUMP	Pump type	ZeroPurge™ Piston Pump
	Min. Dispense	0.05ml (standard), 0.01ml (PumpInPump option)
	Valve type	Stainless steel ball valve
	Pump size	87ml
	Pump seal material	Viton Extreme
	Calibration	Copied calibration – no recalibration required
MACHINE	Dimensions (HxWxD)	142 x 87 x 96cm - Low Model Configuration 174 x 87 x 96cm - High Model Configuration
	Weight	230kg
	Step	Standard
CAN TABLE	Dispense tray	Smart Automatic can table
	Maximum can height	46cm
	Optical can sensor	Standard
BRUSH	Brush type	Sliding brush tray (standard) Sliding brush tray with bottle (EcoClean brush option)
	Brush container material	POM
PACKAGING & TRANSPORT	Dimensions (HxWxD)	173 x 95 x 114cm - Low Model Configuration 188 x 95 x 114cm - High Model Configuration
	Assembly needed	No
	Max units in 40ft container	24
	Max units in 20ft container	12
	Weight	250kg
OPTIONS	Stainless steel canisters, brush and agitators	Optional
	Ventilation interface, ventilated back cover, heating set	Optional
	UVC	Optional
	Punch	Optional
	Can positioning light	Optional
	Stainless Steel Brush Container	Optional
	PumpInPump	Optional
	EcoClean Brush	Optional
